

SBA personnel to discuss the denial. Upon receipt of a request for such a meeting, the appropriate SBA personnel will confer with the applicant and explain the reasons for SBA's action. The meeting does not constitute an opportunity to rebut the merits of the SBA's decision to deny the COC, and is for the sole purpose of giving the applicant the opportunity to correct deficiencies so as to improve its ability to obtain future contracts either directly or, if necessary, through the issuance of a COC.

(l) *Reconsideration of COC after issuance.* (1) An approved COC may be reconsidered and possibly rescinded, at the sole discretion of SBA, where an award of the contract has not occurred, and one of the following circumstances exists:

(i) The COC applicant submitted false or omitted materially adverse information;

(ii) New materially adverse information has been received relating to the current responsibility of the applicant concern; or

(iii) The COC has been issued for more than 60 days (in which case SBA may investigate the firm's current circumstances).

(2) Where SBA reconsiders and reaffirms the COC the procedures under paragraph (h) of this section do not apply.

(m) *Effect of a COC.* By the terms of the Act, a COC is conclusive as to responsibility. Where SBA issues a COC on behalf of a small business with respect to a particular contract, contracting officers are required to award the contract without requiring the firm to meet any other requirement with respect to responsibility.

(n) *Effect of Denial of COC.* Denial of a COC by SBA does not preclude a contracting officer from awarding a contract to the referred firm, nor does it prevent the concern from making an offer on any other procurement.

(o) *Monitoring performance.* Once a COC has been issued and a contract awarded on that basis, SBA will monitor contractor performance.

#### **§ 125.6 Prime contractor performance requirements (limitations on sub-contracting).**

(a) In order to be awarded a full or partial small business set-aside contract, an 8(a) contract, or an unrestricted procurement where a concern has claimed a 10 percent small disadvantaged business (SDB) price evaluation preference, a small business concern must agree that:

(1) In the case of a contract for services (except construction), the concern will perform at least 50 percent of the cost of the contract incurred for personnel with its own employees.

(2) In the case of a contract for supplies or products (other than procurement from a non-manufacturer in such supplies or products), the concern will perform at least 50 percent of the cost of manufacturing the supplies or products (not including the costs of materials).

(3) In the case of a contract for general construction, the concern will perform at least 15 percent of the cost of the contract with its own employees (not including the costs of materials).

(4) In the case of a contract for construction by special trade contractors, the concern will perform at least 25 percent of the cost of the contract with its own employees (not including the cost of materials).

(b) *Definitions.* The following definitions apply to this section:

(1) *Cost of the contract.* All allowable direct and indirect costs allocable to the contract, excluding profit or fees.

(2) *Cost of contract performance incurred for personnel.* Direct labor costs and any overhead which has only direct labor as its base, plus the concern's General and Administrative rate multiplied by the labor cost.

(3) *Cost of manufacturing.* Those costs incurred by the firm in the production of the end item being acquired. These are costs associated with the manufacturing process, including the direct costs of fabrication, assembly, or other production activities, and indirect costs which are allocable and allowable. The cost of materials, as well as the profit or fee from the contract, are excluded.

[61 FR 3312, Jan. 31, 1996; 61 FR 7987, Mar. 1, 1996]

(4) *Cost of materials.* Includes costs of the items purchased, handling and associated shipping costs for the purchased items (which includes raw materials), off-the-shelf items (and similar proportionately high-cost common supply items requiring additional manufacturing or incorporation to become end items), special tooling, special testing equipment, and construction equipment purchased for and required to perform on the contract. In the case of a supply contract, the acquisition of services or products from outside sources following normal commercial practices within the industry are also included.

(5) *Off-the-shelf item.* An item produced and placed in stock by a manufacturer, or stocked by a distributor, before orders or contracts are received for its sale. The item may be commercial or may be produced to military or Federal specifications or description. Off-the-shelf items are also known as Nondevelopmental Items (NDI).

(6) *Personnel.* Individuals who are “employees” under § 121.106 of this chapter.

(7) *Subcontracting.* That portion of the contract performed by a firm, other than the concern awarded the contract, under a second contract, purchase order, or agreement for any parts, supplies, components, or subassemblies which are not available off-the-shelf, and which are manufactured in accordance with drawings, specifications, or designs furnished by the contractor, or by the government as a portion of the solicitation. Raw castings, forgings, and moldings are considered as materials, not as subcontracting costs. Where the prime contractor has been directed by the Government to use any specific source for parts, supplies, components subassemblies or services, the costs associated with those purchases will be considered as part of the cost of materials, not subcontracting costs.

(c) Compliance will be considered an element of responsibility and not a component of size eligibility.

(d) The period of time used to determine compliance will be the period of performance which the evaluating agency uses to evaluate the proposal or bid. If the evaluating agency fails to articulate in its solicitation the period

of performance it will use to evaluate the proposal or bid, the base contract period, excluding options, will be used to determine compliance. In indefinite quantity contracts, performance over the guaranteed minimum will be used to determine compliance unless the evaluating agency articulates a different period of performance which it will use to evaluate the proposal or bid in its solicitation.

(e) Work to be performed by subsidiaries or other affiliates of a concern is not counted as being performed by the concern for purposes of determining whether the concern will perform the required percentage of work.

(f) The procedures of § 125.5 apply where the contracting officer determines non-compliance, the procurement is a full or partial small business set-aside or an SDB has claimed a preference, and refers the matter to SBA for a COC determination.

#### § 125.7 What is the Very Small Business program?

(a) The Very Small Business (VSB) program is an extension of the small business set-aside program, administered by SBA as a pilot to increase opportunities for VSB concerns. Procurement requirements, including construction requirements, estimated to be between \$2,500 and \$50,000 must be reserved for eligible VSB concerns if the criteria in paragraph (c) of this section are met.

(b) *Definitions.* (1) The term *designated SBA district* means the geographic area served by any of the following SBA district offices:

(i) Albuquerque, NM, serving New Mexico;

(ii) Los Angeles, CA, serving the following counties in California: Los Angeles, Santa Barbara, and Ventura;

(iii) Boston, MA, serving Massachusetts;

(iv) Louisville, KY, serving Kentucky;

(v) Columbus, OH, serving the following counties in Ohio: Adams, Allen, Ashland, Athens, Auglaize, Belmont, Brown, Butler, Champaign, Clark, Clermont, Clinton, Coshocton, Crawford, Darke, Delaware, Fairfield,
